***ColorQuick Pro Manual  
Colour Pages***

## 1. Installation of ColorQuick Pro Colour Pages

Close all Windows applications and insert CD-ROM.

Autorun will start; select "Install DocViewer" for a new installation.

### 1.1. Installation of DocViewer

To view the Technical Data Sheets or Colour Pages, use the program "DocViewer".

- Press "Install Doc Viewer" on the autorun startpage.
- Follow the instructions.

Note: To open Technical Data Sheets or the Colour Pages, click on the "Colour Pages" button when you open the ColorQuick Pro program on the main screen. You must have the ColorQuick CD in the CD drive to access the Technical Data Sheets or Colour Pages.
